Contact

As full source code is provided and every line is well-documented, please feel free to take a look at the scripts and modify them to fit your needs.

If you have any questions, comments, suggestions or other concerns about this asset, do not hesitate to contact me. You will find all important links under Window > Tower Defense Multiplayer > About.

If you would like to support me on the Unity Asset Store, please write a short review there so other developers can form an opinion. And if you would like to support me outside of the Asset Store, please consider getting GitHub access, sending a donation or using my Server-Side Receipt Validation Service.

Again, thanks for your support, and good luck with your apps!
